

**Special Session  
On  
("Imminent advancements on Intelligent Sensor Networks and Data Science in  
Communication")**

**International Conference on Computational Intelligence and Data Science  
(ICCIDS 2018)**

<http://iccids2018.ncuindia.edu/>

**7-8<sup>th</sup> April, 2018**

at

**The NorthCap University, Gurugram**

**Aim:** The Aim of this session is to invite colleagues, researchers, academicians, students, teachers and project leaders around the world to submit their original research articles and review papers in the field of intelligent Sensor Networks and data science in network communication to this leading international conference.

**Scope:** Intelligent Sensor Networks are in trends since 2000. Thereafter a lot of advancements have happened from remote environment monitoring to intelligent symbiotic sensors in health care. This session is aimed to achieve various expansions in intelligent sensing and Data Science in network communication. Further it will give benefit to researchers by bring together educational scientists, teachers and students to discuss theoretical and practical implications of learning, research about computational intelligence and data science in Communication in a scientific environment.

**Topics of Interest:** The topics of interest include but are not limited to:

- ❖ Cloud Communication
- ❖ Data Science in Communication and security
- ❖ Intelligent Sensing
- ❖ Network Communication
- ❖ Wearable Sensors

**Important Dates:**

Extended date for submission: 30th January 2018

~~Last date for paper submission: 30th December 2017~~

Notification of Acceptance: 28th February 2018

Last date for camera ready paper: 10th March 2018

Author Registration Deadline: 15th March 2018

Conference date: 7-8 April 2018

**All accepted papers will be published in Procedia Computer Science, Elsevier.**

Dr. Urvashi Chugh is working as an Associate Professor in Manav Rachna International University Faridabad since 2014. She has done B.Tech (Computer Science and Engineering) from Kurukshetra University after that she did M.Tech (Computer Science and Engineering) from M.D.U. 2009. Dr. Urvashi Chugh has completed Ph.D. in computer Science from Jay Pee University of Information and Technology Wazirpur. Her areas of Interest are Computer Network, Wireless Sensor Network and Network Security. She is having number of publications in International Journals and international/ National Conferences. She has rich experience of 10 years with various reputed universities in Delhi/NCR. Dr. Urvashi is also supervising Ph.D. research scholars and M.Tech Students.

**Session Chair-Dr. Urvashi Chugh**

Associate Professor

Manav Rachna International University, Faridabad
